

SPIRITUAL LIFE WEEK - PREVIEW SESSIONS

Three Kinds of Believers

Whatever audience we speak to, there are always three kinds of believers in the room. Everybody can identify with one of them. Whether you have grown up in a Christian home, gone to church all your life or have no spiritual background, some will identify themselves as being just "Christian Friendly".

How to Effectively Communicate

This is probably the favorite session of the week. Students are divided into small groups with faculty, staff and concerned parents elaborating on a series of questions that can have them laughing one minute and crying the next. It is amazing in just a short amount of time how walls can come down and how a group can bond.

Overcoming Temptation (Part 1 & 2)

These two sessions deal with the life of Joseph in overcoming temptation. The first aspect will deal with the power of the temptation that Joseph was faced with and the second will deal with the principles of temptation, or the so what... How does that apply to me in the 21st century? These two sessions are blended with comedy, personal stories and statistics wrapped around the Word of God in a powerful way.

Consequences

For every action there is a consequence, whether good or bad. After following overcoming temptations, students need to realize that their actions and choices will bring about consequences that can affect them for the rest of their lives. We will see how the children of Israel and a generation of people to follow were affected by the choices of their parents and grandparents and relate that to our own everyday lives.

A Life God Rewards

Every believer gets heaven, but not all Christians get the same benefit. Some will have it better in heaven than others and some rewards will be... **AWESOME!!** Discover how everything we do for Christ here on earth, even little things can make a significant difference personally for us in heaven. Truly the dividends are out of this world.

Discovering God's Will for Your Life

Does God have a plan for my life? If so, how can I know His will? This is very practical Biblical advice, which will give you a platform on how to live a dynamic Christian life. You can know for sure that God created you to be all you can be for His glory and your benefit.

How to Raise Your Parents

This is a clever title and a great layout of several Biblical steps on how students with a great attitude and a simple plan, can enrich their relationship with their parents. It can cause parents to loosen up with greater freedoms for the students to enjoy by building "trust" from their parents.

Testimonial

Rick gives his personal testimony on how after being a prodigal himself, Christ turned his life around after running away from home, almost flunking out of school, and making wrong choices. Hear how Christ made a 180 degree change in Rick's destiny.

Say So...

The Bible says let the redeemed of the Lord "say so". This is for students and teachers alike to have the opportunity to verbally give testimony of what God is doing in their life. When individuals are truly transparent and have a desire to get right with the Lord, this becomes one of the most memorable events in their life. Witness what God will do in the "body life" of your school in the years ahead.

TESTIMONIALS

"I have had the privilege of hosting Rick and Mick 4 times at two different schools in two different states. Rick and Mick by far have been the best Spiritual Emphasis Weeks we have had. They are able to get through to the hard to reach student with their humor and music. We have had hundreds of young people make decisions for Christ through their Spiritual Emphasis Weeks. Their humor is relevant to today's students and the topics they speak on will have your students on the edge of their seats. If you want true revival in your school then these guys are the ones to deliver the life changing Word of God in a way that is unique compared to the typical assemblies!"

Dr. Bill Harris
Superintendent, The Master's Academy
Oviedo, Florida

"What has really been exciting has been to see the on-going effects right on through the rest of the school year. Students have been coming to us asking how to start accountability groups and others have started prayer groups within their own classes - all without prompting from us! It has been wonderful to see the Holy Spirit's continued work and the leadership that is coming from our students that was not evident before. We are seeing evidence of changed lives as a result of decisions that were much more than just a temporary emotional experience that quickly wore off, but true repentance and a desire to be in a right relationship with God."

Tim Greener
High School Principal, Christian Academy of Louisville
Louisville, Kentucky

"Our students still talk of the two of you as close friends. They ask about you and pray for you regularly. I believe this is because you invested your heart into their lives and were genuine and sincere in all that you did for them. We have had significant growth since that weekend - fruit that has lasted."

TESTIMONIALS

"God used you with your talents and energy to pierce all of our hearts. Thank you for surrendering your heart to the Lord's calling."

The highlight of our week was our last session when you gave time for students to speak to their peers about what the Lord has been teaching them throughout the week. Eighty-six of our 280 students were bold enough to speak and more would have if we had not stopped it after nearly three and a half hours of testimonies. We finished this week spiritually exhausted and it felt amazing."

Greg Hardy
Administrator, Denbigh Baptist Christian School
Newport News, Virginia

"Teenagers in contemporary America need to hear from someone that loves them and understands their concerns. Rick and Mick are the most effective communicators to these young men and women that I have met. Every high school student should hear their message!"

Jerry Haddock
ACSI Regional Director
Southern California / Southern Nevada

"Having known Rick and Mick for over thirty years, I never dreamed the impact they would make worldwide. When they came to conduct a Spiritual Emphasis Week here at LCA for grades 7-12, many of the decisions made by not only students but also staff, have transformed lives and made a lasting impression. God moved in a way that I have never seen before."

They can relate to students and the challenges they face giving them hope through Jesus Christ. There were very few classes held because of how the Holy Spirit used them... there was never a dull moment!

Their love for God is evident in the way that they minister and oh the impact that they have made. They have visited several times since and each time they minister wholeheartedly with a passion for souls. They are a tremendous blessing to our students as they share the Word of God with conviction and boldness, yet with a spirit of humility.

I highly recommend that you invite Rick and Mick to minister to your young people. I assure you that they will not only benefit your school, but will also strengthen your ministry influence. You will feel confident that when they minister, their heart for people will be evident."
